

NGO IDEAL ABHIJAN

TO WHOM SO EVER IT MAY CONCERN

This is to certify that **MISS RISHIKA HAZARIKA** of Jorhat Engineering College was placed at our NGO IDEAL ABHIJAN for a social internship about the '**ROLE OF TECHNOLOGY IN ENHANCING EDUCATION AMONG MIDDLE SCHOOL STUDENTS OF RURAL AREAS: A CASE STUDY**' in KAKOJAN M.E. SCHOOL, KAKOJAN, JORHAT for a period of 1 month from 1st August, 2022 to 31st August, 2022.

During this, she was given a brief introduction on her internship with NGO IDEAL ABHIJAN and was assigned the project of doing short research for her report. First of all, she was asked to visit the school, meet the students and their teachers, and discuss with them, and later, she was asked to take some interviews, photos and to make a study for completion of her report.

After a month of research, she presented the research finding to the president of NGO IDEAL ABHIJAN. We appreciate her hardwork and dedication to the study. We do hope that these findings will lead to some further action to better the plight of the students at the area.

We wish her God's blessing and all success in her future career. With every good wish.
